

ARDEX PU 30 Rapid

Polyurethane Primer & Green Slab Sealer

ARDEX PU 30 Rapid is a one-component polyurethane primer and green slab sealer for use on internal and external porous and non-porous substrates. ARDEX PU 30 Rapid penetrates the surface of the substrate blocking capillary moisture up to 98% RH, while strengthening and consolidating the surface up to 2mm in depth. **LOW VOC** ★

APPLICATION

- As a primer or a green concrete slab sealer with less than 90% RH
- As a primer or a green concrete slab sealer with RH up to 98%
- Priming required under smoothing and levelling cements

SUBSTRATES

- Absorbent, smooth and dense surfaces such as concrete, green concrete, floor levelling compounds and smoothing cements, fibre cement sheet, fibre cement sheet underlay, sheet timber, plaster, ceramic tiles and terrazzo floors

COVERAGE

- When used as a primer - 1 coat, ARDEX PU 30 Rapid should be used at a consumption rate of 100-150g/m², and 11kg should cover approximately 110m²
- When used as a vapour barrier - 2 coats, ARDEX PU 30 Rapid should be used at a consumption rate of 250-350g/m², and an 11kg should cover approximately 44m²

PACKAGING

- 11L cube

CODE

2143

ARDEX PU 30 QUICK FACTS

- One component ready for use
- Priming of porous and non porous substrates
- Suitable as a green slab sealer up to 98% RH
- Penetrates the substrate to block capillary humidity
