

ARDEX WR PRIME

Performance Enhancing Polymer Primer & Additive

ARDEX WR Prime is a performance enhancing primer and additive for renders and other cement based construction products. When used as an additive for cement based renders, adhesives, screeds and grouts, ARDEX WR Prime will significantly enhance bond strength and increase flexibility and working time.

LOCATION

Internal/External

SUBSTRATES

Masonry (brick & blockwork), concrete walls, AAC – autoclaved aerated concrete blocks and panels, existing render, blueboard, fibre-cement sheet.

BENEFITS

When used as an additive for cement based renders, adhesives, screeds and grouts, ARDEX WR Prime will significantly enhance bond strength and increase flexibility and working time. As a primer, it will improve adhesion to masonry, concrete walls, AAC panels, existing render, blueboard and fibre-cement sheet.

COVERAGE

One litre of ARDEX WR Prime is sufficient for approximately 6m².

COLOURS

White liquid

DRYING TIMES

When used as a primer, allow to dry to a clear, thin film prior to application of subsequent products.

PACKAGING

15L cube

ARDEX WR PRIME QUICK FACTS

- Enhances bond strength, increases flexibility and working time of cement based construction products
- Improves surface strength and adhesion of cement based render
